

5-AF-CW

Custom Cheese Wheel Slicer

FOODTOOLS
Industry Leaders in Portion Control

5-AF-CW

Average Speed:

Up To 60 Wheels Per Hour

Function:

This model is a semi-hard and hard cheese portioning solution for dairy farms and medium volume cheese repackaging facilities. It incorporates FoodTools proven guillotine cutting technology powered with a pneumatic actuator. Wheels are supported with a custom fit product holder and proprietary functions insure correct positioning and consistently uniform portions. The unit is safe to operate, accurate, reliable, and easy to sanitize and clean.

Benefits

- Achieve a return on investment through labor savings and consistency
- Quick and efficient ingredient reduction
- Easy change over for various sized wheels
- Clean design great for usage in dairy production facilities
- Reliable and durable equipment backed by manufacturer's warranty
- Full wash down for sanitation standards
- Accessories can be made of aluminum or stainless steel depending on requirements
