CS-1FP

ROUND PORTIONING

This cheesecake cutting machine will portion a wide variety of frozen or chilled round products, cheesecakes, layer cakes, and more. The slices will all be a consistent size with optional Divider Inserts separating each wedge. The machine uses a foot pedal and manual indexing so that one operator can cut up to one cheesecake per minute. The CS-1FP is the perfect entry level cake cutting machine for bakeries needing to upgrade from slicing by hand to a more accurate and efficient process. It is ideal for bakeries cutting up to 50 cakes per hour.

SPEED

Up To 50 Products Per Hour
