TC-5A2 TORTILLA & PITA CHIP PORTIOING

FOODTOOLS® Industry Leaders in Portion Control

TC-5A2 TORTILLA & PITA CHIP PORTIOING

This continuous tortilla chip cutter slices stacks of round tortillas into wedge chips at high production speeds, up to 6,000 lbs per hour. This model slicer is perfect for large-production tortilla or pita plants that have a need to slice 6" round products into 2,3,4, and 6 portions. Blade sets for each cut pattern are easily changed offering flexibility to the bakery team. The TC-5A2 reliably produces smooth, clean, accurate cuts by utilizing two slicing stations, improving the quality and speed of the chip making process. To test cut your tortilla or pita product contact a FoodTools representative today.
